Continuation of Substance of Interview including description of the general nature of what was discussed: It is noted that Applicants' after final amendment filed May 10, 2004 would be entered. Claims 1-13 and 15 are now pending in the present application. Applicants reviewed the claimed invention and discussed how the claimed invention is different from the composition that would be made by one of ordinary skill in the art using the teachings of the combination of references. The declaration was discussed and the tables reviewed. The Examiner indicated that as a result of the comments and data set forth in the amendment and declaration (in particular Table B) respectively that the 103 obviousness rejection would be withdrawn. Claims 1-13 and 15 have been allowed and renumbered 1-14 respectively. .
